

CLIENT CARPARKING

Our offices are at Level 14, 7 City Road, Auckland Central, represented by the [blue pin](#) on the map. It is not far from Symonds Street and Karangahape Road, and is opposite the Langham Hotel.

The carpark is underneath the building at 67 Symonds Street, which is about 50m from the corner of City Road. A red Wilson carparking sign can be seen alongside to the footpath, which marks the top of the ramp - represented by the [red pin](#) on the map.

Drive down to the bottom of the ramp, and enter the security code on the keypad to your right to open the security grille. *Please telephone on the day for the security code as this changes regularly (09 921 5000).*

Continue straight ahead, turning left at the end, then take the first left. There are four Carter Atmore client carparking spaces on your left, marked with our logo.

Assuming your car is parked nose first, the door to access our building is on the far wall behind you, which has a small sign reading "Access to 7 City Road". Summon an elevator, and press level 14.

To return to the carpark, one of our staff will need to give you access in the lift to take you back down. Exit via the same ramp and enter the security code once again to open the grille.
